CARAUDIO forum topics Pioneer DEH1500R autoradio csatlakozó labkiosztása Szevasztok. A fenti készüléket ajándékba kaptam. Nincs csatlakozom hozzá. Szeretném letesztelni jó-e. Nem vagyok biztos a tapbemeneteket illetően. 16 pontos csatlakozója van. A neten sajna pont erről nem találok infót csak fotót de ebből nem derül ki egyértelműen a vezeték színek és pozícióik. Ha tudnátok erről valami támpontot köszönettel veszem. Udv. Pioneer KEHM1066ZRN kód az EEPROM-ban Sziasztok! A címben nevezett autoradio EEPROM-jában kutakodtam. Csak nem tudom mit jelent, talán ha nulla akkor lezart, nem lehet kódot beírni, varni kell. Ha több mint nulla akkor lehet a kódot beadni. A pirossal jelölt pedig maga a kód volna véleményem szerint, valamiféle algoritmussal kódolva. <http://cetra.uniza.sk/cms/fckeditor/editor/filemanager/connectors/php/uploads/ibm-infoprint-40-manual.xml>

Megvalósítottam, közzéteszem. A kormánytávkapcsolása a Pioneer radio távirányítása a kormánytáv ellenállásait egy 470 Ohm-os ellenálláson keresztül a tápra kötöttem, a másik felet földre. Az így kialakított feszültségosztót a PIC analog bemenetére kötöttem. Minden gombnak 3 funkciója van, a sima gombnyomás, a dupla gombnyomás és a nyomvatartott gomb. Pioneer autoradióba PAL012A IC-t keresek Sziasztok. Egy Pioneer DEH1600UB autoradióba keresek PAL012A végfok IC-t. A régi csont zárlatos. A SIN-inel van, horror aron, az egész készülék nem ér annyit. Ha valakinek volna bontásból, vagy helyettesítőt tudna sokkal olcsóbban, megköszönöm. Udvozlettel Attila Similar manuals You can write in English language into the forum not only in Hungarian.
