See your product registration card for details. Please be sure to fill out the information section on the card and mail it to Bose. Refer to your LIFESTYLE installation guide. Customer service For additional help in solving problems, contact Bose Customer Service. To reduce the chance of movement, Bose recommends that you attach the included rubber speaker feet to the bottom of the speakers. What you need for this step AC power cord Note Bose recommends using a safety agency approved surge protector on all electronic equipment. Voltage variations and spikes can damage electronic components in any system. What you need for this step Bedroom RC35S2 remote control Stored. To perform a calibration, you need about 10 minutes when the room is quiet. While wearing the special What you need for this step headset, the system will ask you to sit in five different locations in your listening area as the system takes. Be sure to match the colors, cable. Be sure to match the colors, red to red and red to red and white to white. Your system reacts by automatically turning on if it was off If you have other components, such as a TV, VCR, or and selecting the Local source. See the owner's guide that switch settings on the connector panel to another room came with the remote for instructions on changing the code. Please try again. Please try again. You can experience the full sound quality of your Lifestyle system in another room with tiny, but powerful, Jewel Cube speakers. Only 4 high, they deliver a level of sound you'd expect from speakers many times larger. A powered Acoustimass module provides emphatic low notes for dramatic movie effects

and beautiful depth in your music. Together, the speakers and Acoustimass module ensure our highest level of performance. This proprietary technology accounts for the unique acoustic characteristics of your room. And it allows for freedom of speaker placement while assuring consistent audio performance. <http://commonwealthsportsawards.com/userfiles/commodore-1551-manual.xml>

The Lifestyle Homewide speaker system is also compatible with the AL8 system, allowing expansion to a second room without the need for room-to-room wiring. In order to navigate out of this carousel please use your heading shortcut key to navigate to the next or previous heading. Register a free business account. Please try your search again later. Amazon calculates a product's star ratings based on a machine learned model instead of a raw data average. The model takes into account factors including the age of a rating, whether the ratings are from verified purchasers, and factors that establish reviewer trustworthiness. The Acoustimass module delivers emphatic low notes to provide impact and depth, while the tiny Jewel Cube speakers deliver sound that you'd expect from much larger speakers. Together, the speaker elements deliver the highest level of stereo performance. The system consists of an Acoustimass bass module and a pair of premium Jewel Cube Speakers. The system is equipped with Boses ADAPTiQ audio calibration technology, which makes it easy to customize the sound experience to match your particular room. It also allows you to place the speakers in the most convenient locations without sacrificing quality. The system includes a Personal music center II remote control for convenient control of the system. The Homewide system is also compatible with the AL8 system, which allows you to expand your audio to an additional room without the need for room-to-room wiring. Lifestyle Expansion The Homewide speaker system is an ideal companion to the Lifestyle 48 system, but is compatible with all Lifestyle systems. It allows you to expand your speaker system into a second room. Acoustimass Module The Acoustimass module delivers emphatic low notes to provide impact and depth in a compact design. Let us know YOUR RECENTLY VIEWED ITEMS Browsing History ON Clear History Not responsible for typographical or illustrative errors.

Together, the speakers and Acoustimass module ensure our highest level of stereo performance. This proprietary technology accounts for the unique acoustic characteristics of your room. And it allows for freedom of speaker placement while assuring consistent audio performance. Click here for more information on the types of cookies we use and how to change your cookie settings.
